“Company Introduction”

M/s AMRUTHA Infratech Services is a provider of end to end Constructions material & Building Restoration services and solutions to help clients to improve safety and longevity of structures. We have been relentlessly working on providing services and solutions in the area of concrete repairs, all type of waterproofing works, industrial painting, Concrete Repair, Flooring & Special grouts system works.

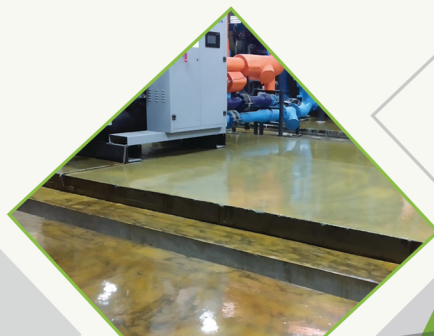

The company is specialized in delivering services and solutions to help clients. We ought to be acquainted with respect to concrete structural repairs & all type of waterproofing i.e., cause of distress, assessment & evaluation of deterioration. Our main objective is to enhance the performance of structure & extend the service life.

The owner of Amrutha Infratech is Mr. Chandra Sekhar, he is highly qualifide in his field of expertise.

The management of Amrutha Infratech strongly relies on all employees to achieve the set targets and goals in the business and the corporate environment so that they will be able to be successful in this industry.

Our highly trained and experienced technical personnel are supported by the planning and administration sections to ensure that there is follow-through and monitoring of all projects from appointment through to completion and handover.

Quality, efficient service and execution as well as customer satisfaction are our guidelines in conducting our business. We also emphasis public and occupational safety and health during project implementation.

About our Company

“AITS Company Background”

AMRUTHA INFRATECH SERVICES was registered in 2017 as a construction solution material distributor and applicator based in reputed construction chemical companies Gauteng Province. The firm was a vision of a construction practitioner with a passion for the building waterproofing, grouts and concrete repairs. With the support of the waterproofing product and paint manufacturers, the company came into fruition and has found a niche in the construction and facilities management industries.

Our targeted market includes industrial, government departments, private developers, general contractors, private property owners and investors. We have already successfully carried out various projects for some of the above groups.

“Vision Statement”

At AMRUTHA INFRATECH SERVICES, our vision is to provide proficient and reliable service to our customers nationwide and become one of the major players in the waterproofing and construction industry by exercising the skills and expertise in which we are endowed.

OUR VISION

Our MISSION

“Mission Statement”

Our mission is to strive to grow our company, providing an efficient service to our customers and supporting the development of the local communities by:

- ✓ Providing the best service and quality workmanship at cost-effective prices
- ✓ Maintaining a well-trained and motivated staff compliment to ensure consistency
- ✓ Maintaining integrity and transparency in dealing with our customers and staff
- ✓ Professionally and prudently managing our resources to ensure stability of the company
- ✓ Providing career opportunities to young people through training and exposure during the execution of our projects
- ✓ Using the latest methods and employing sound business acumen to remain ahead of our competitors while offering unsurpassed service
- ✓ Using innovation and research to arrive at the best and cost effective solutions
- ✓ Carrying out all our activities in a safe environment and ensuring safety of our employees and the public at large.

Quality Guarantee!

All materials used in our projects come with a manufacturer's guarantee. The applications of the products are covered by our guarantee for workmanship as the contractor. We are approved applicators of most of the reputable suppliers

“Value Statement”

We preside and are committed to the following values:

- ✓ Honesty and integrity
